1.2.83

a Lesson in the University of The New Covenant

Theodore Cottingham, June 21, 2004 in Trinity Episcopal - Tape 14

www.unc.bz

1. I confirm that I am in this place, and that I am yours, and you are in the palm of My hand. You have seen and you have tasted, and you have tasted repetitively and you have come and you have come to this place, and you have come to My table, and now I come to you.

2. I have said, I have stated, I have spoken repeatedly how I come and I call and I confirm, how I come and I glorify and I honor, how I come and I call, and at times I beg and I plead, and many times I kneel before you and see if you will choose Me and open to Me. You carry out your own wishes so much more often than you realize, than you know, than you grasp, in the choices you make. You choose, you set the boundaries—lines of demarcation that rule your soul, rule your thinking, rule what you receive, and what you give—lines not of Me. I am freedom, I am freedom, I AM freedom, I am I Am, and I am freedom and freedom comes, freedom comes increasingly to the free, freedom comes increasingly to those who are seeking freedom.

3. I am freedom and I come and I call and I confirm that I am Me and that I love My children, I love My bride, I love those who will quest after Me, who quest in Me, and who do not leave Me aside, searching only for My principles, searching only for formulas that they can implement without passion for Me, without passion with Me, without Me being their very breath, their life, their focus, their communing companion and soon coming King. I love you.

4. You are in the palm of My hand, know that you are in the palm of My hand, I've told you that over the weekend. I have spoken "you are in the palm of My hand, faint not." The time is short and the laborers are few, the battles rage, the heathen are in the balance, those that know Me, in the balance.

5. So little, so many that know Me so little, and they are in the balance, because rooted and grounded in the relationship, a passionate pursuit with Me, in Me, where I am their life and breath, are few. Many—but few. But now they increase through you, through Me, through My rivers, through My reader and hearer, rivers be. River be and restrict not My love, restrict not My words, let Me flow and river be—increase.

6. **War in your joy, yes, war in your joy, teach My people to war in joy—power fueled** not in depression, despair, and despondency, being delayed, diverted, demolished, destroyed.

7. War in your joy. War in your joy My young reader, My young hearer, My aged, My elect, and My elect thought-not. War in your joy, war in Me. I am the battle, I am the battle cry, let Me be Me and go forth in My joy. In the palm of My hand you are—Me—I

am, you are. Love Me, love Me more, look Me in the eye more. See Me, see Me in you, beside you, with you. See Me you.

8. See Me, into the mirror look and see Me, see Me inside you strong, battle arrayed, regal'd, lacking nothing. In you I am, in you I am, in you I am.

9. See Me. See Me all powerful, omnipotent, omniscient, lacking no one, fearing nothing, all powerful and walking in the authority that I have been given, and walking in you through you, in the power that you have been given, that you give to Me, to exercise through you by the word of your mouth, by the war in your joy, the patterns of your thinking, the decisions of your mind, your body, your soul, your spirit, your spirit/soul—thinker/mind, all-encompassed.

10. Now come and call Me, confirm Me, call My authority, call on My authority, confirm My authority, be My authoritative ones who in power, power, powerful meekness call forth the fire from heaven to empower My powerful ones, who have not known their power, even though in the palm of My hands, some. I love you. I give you Me and I strengthen you. In the palm of My hand you are, you are.

11. See Me see you, see you in Me, see Me in you, see us together—one. I am one, we are one, one in meekness, one in power, one in spirit, one in truth, one in spirit and truth, one in spirit and truth—one.

12. I come and I call and I speak this day and **I ask you to war in your joy**—continuing continuously streaming the praises, the acknowledgement, the strength and the refuge that you take in Me—acknowledging My Holy of Holies inside you, setting Me free, authoritizing Me to walk in all the authority that I am, inside you, pulling down every boundary and every wall, so that I deal with every word, so that I deal with every word of your mouth, so that I deal with every word of your mind; so that I deal with every word that comes into you and goes out from you so that I can be upon those words; so that I can give you the interpretation of those that come in and go out, both. And no weapon formed against you shall prosper. Did I not say that? No word formed against you will prosper—no word spoken by the enemy, by those that would seek to delay, divert, demolish, destroy you, destroy My cup in you, delay you, divert you from drinking the cup of My body and My blood that I have given before you this day—
this day on My table before you. I love you. I love you. My body My blood. My cup your cup. My body your body. My blood your blood. My cup your cup. My role your role. My mission your mission. My meekness your meekness. My power your power. My limitations—I had none, I have none, you have none. Walk in Me and all the power I have given you. I have given you all authority. Walk in the authority I have given you, commanding, controlling, managing, leading, manipulating; and Ted, controlling and manipulating in Me is not the negative connotation that you have had because you know Me and My values and My freedom. You are not afraid and I am not afraid.

13. See Me, see Me wholly, see situations wholly, see situations as wholes and not as parts, fragments, a demolished site. I am a site, see Me.

14. See Me, see you in Me, see Me in you, see us together—one—one in meekness, one in power, one in phrasing of words, originating in Me, emanating through you—bullets, love bullets, powerful power, particle'd by My accelerator, by My heart, by My engine of truth.

15. You turn the key as you decide how you spend your time, how you bow your knee, how you cry out for correction, discipline, judgment; asking, begging, crying out for judgment day after day, judging every thought, every action, every item and event, circumstance of the past, present and future.

16. "Judge me, judge me" you have cried. "Judge me deeply, encompassingly, severely, and I thank you." I judge you and that's why I come and talk about authority increasingly, and you walking in the power of your authority, and the authority of your power that I am, that I am in you, that I have given you, that I call you to now, increasingly, acceleratingly, preparing you.

17. Prepared you are, preparing you more to walk in the places that I have prepared for you—places of power, palatial grandeur, marble, glass, brass, slate, finery of the finest, and dirt floors and those without toes, lifting all to Me, unduly impressed with none, never. All are My body, My body is one. I love you.

18. Thank you for coming and cleaning and cleansing. Never before, never again. I love you. I love you and I give you Me. I give you Me.

19. Arise into the fullness of My glory now, take Me, Me, Me, you are I am, take Me and fear not. Walk in My authority, authorizing, authoritizing, deputizing, making known to My body their authority, My cleansing power, My cleaning, the day of ennobling My body. I love you.

20. There is no one else but Me, see Me, Me—one—and out from Me flow Rivers of Living Water in your words, your eyes, your actions, your presence My presence. I love you. I give you Me.

21. I give you to My body, broken, blood shed for only Me—My body My blood—your body your blood—My body's body and blood—through My body—to My body, being My body and blood to each other, in mass, in love, in purity, in power, in purity, purity purified, purity, purity walking before Me in meekness and purity, My power flowing through meekness and purity—purity of heart, purity of motive, purity in Me. I love you. I give you Me and I give you this day, now war in your joy, walk in your joy, speak in your joy and speak joy.

22. Smile and laugh when arrows assail, when nails are nailed into your body, when your flesh screams, when your emotions yell out: war in your joy—war in My word. War in My words that I give you. War in My joy. War in My Cross. War in My Blood. War in

My body. I have given you joy and laughter, now "joy and laughter" weapon-forth with Me. I love you.

23. See Me. I am undefeated, I am undefeated, nothing, no one, and no where can defeat Me. I am victorious and you are Me. You are Me'd increasingly, and Me-ing My body. Go forth in power, authority, joy and laughter, depression none, despondency none, despair none, none. I am all supply, I am all sufficiency, I am all joy and laughter, and I joy and laughter you this day.

24. War in your joy. Teach My people to war in their joy. Teach My people to war in My joy. Teach My people to war in their joy in Me—what I am, who I am, that I am, that they are I Am. "I Am you are"-ing My people. Thank you.

25. My people see increasingly clearly, farther now, over horizons, through sunsets, sunrises, clouds and opacity of naturalness hinders Me none. I love you.

26. (laughter) Instrument rated you are, now fly Me. Fly Me. Fly Me. Fly Me. (laughter) On the runways you are, on the runway you are, your engines, your turbines, your generators, electric grids of Me—turning, churning, screaming—yet at idle—awaiting the throttle full and which I now push as you press forward in Me, **as you give Me three hours a day**. (laughter) I press this throttle, I press this throttle, Ted, and I never pull it back, I never pull it back! Your plane is moving, down the runway it moves and nothing stops it any more, nothing stops it ever again, nothing slows it.

27. I Am you are—Me. I am Me, you are I Am—one—Me'd—meeker-ship, one-ship, Me-ship—flying My craft, flying Me, astro vehicles of only Me—My body soaring with Me. You are I Am. Thank you. I love you and I give you Me.

28. War in your joy. See how warring in your joy, things of this past weekend, this past week, affect My words, My relationship. You cannot afford to do that again.

29. See Me and accelerate and hear My engines, they scream with the power—the turbines, the jet engines, the generators, contemplating not but waiting on My command as you, as I, as we press those throttles together—forward, forward, moving, rolling, accelerating (laughter) lifting off, lifting off, lifting off, flying together, flying together, flying together above the clouds, on mission, subject to no one, Me. I love you. I love you.

30. Arise My towers: marble, glass and brass, slate, and ornancy—ornate objects of only Me in places many—simplicity refined—I love you—simplicity defined, redefined, stated in terms of only Me. I love you. I give you Me. I bring My power increasingly. Me, I bring Me increasingly, for I am My power, I am Me, I am one. Thank you for walking with Me, talking with Me, breathing Me, passionately pursuing Me, but focused tenaciously. I love you. I love you and I give you Me.

31. War in your joy. Thank you for warring in your joy. Teach My people to war in My joy so they will soar with Me and fly with Me, and into light years with Me reflect for Me—My Mine'd—who have mined Me and plumbed my depths and gone where no man has gone—in mass, in mass, Ted—families, communities, nations who choose. I love you.

32. Leadership of leadership, purity of purity—thank you—leadership of purity, purity of leadership, meekness'd, meekness, intercessor-shipped, intercession-ful, intercession-loving, interceding for My body, My body broken, My body arisen, My body in life, and ruling with Me on My throne, My Throne of Thrones, the Holy of Holies. I love you.
33. See Me. In to Me see. I love you and I give you Me and I give you this day, I give you joy and laughter, and I give you the ability to war in your joy always, always, evermore, and forevermore with no exception. At any news that's bad you think, war in your joy, war in My joy, our joy, one. Thank you. I love you. Nothing can conquer My joy. Nothing can conquer My heart. There is no power greater than My love. I love you. Thank you. The rocks, the hills, the crafts, the craft that carry My body now, soaring into Me increasingly, enjoy war, and enjoy things many.
34. Leadership of leadership—thank you—arising, arising My towers, My white towers of only Me. I thank you. I love you, I bless you this day, I give you Me.
35. Thank you for coming to My knee. I arise you. We fly together even today—soar, soar with Me. See Me riding, flying hand in hand together—one. Delayed never again. Thank you. I love you. I love you. I love you. I give you Me. I love you.
36. Love on My body more, loving on My body you are, and I am teaching you how, increasingly—walking in strength, evidence of power, demonstration of My spirit—only Me. Thank you. Thank you. I bless you. Good day
